

Breeze Facial | Breeze Nasal

Fitting Mold

M-229430-01

Sefam

Please note – the measurements specified are accurate for the purpose of sizing either the nasal or full face mask. Please review the diagram of the face at the top left of this document for areas of measurement. If printing this guide, actual sizes may differ due to printer preferences. Please review the measurements given for guidance. Measurements specified are for the maximum length and width of the face mask.
